

3a. How to Create/Edit your Profile

Adding images

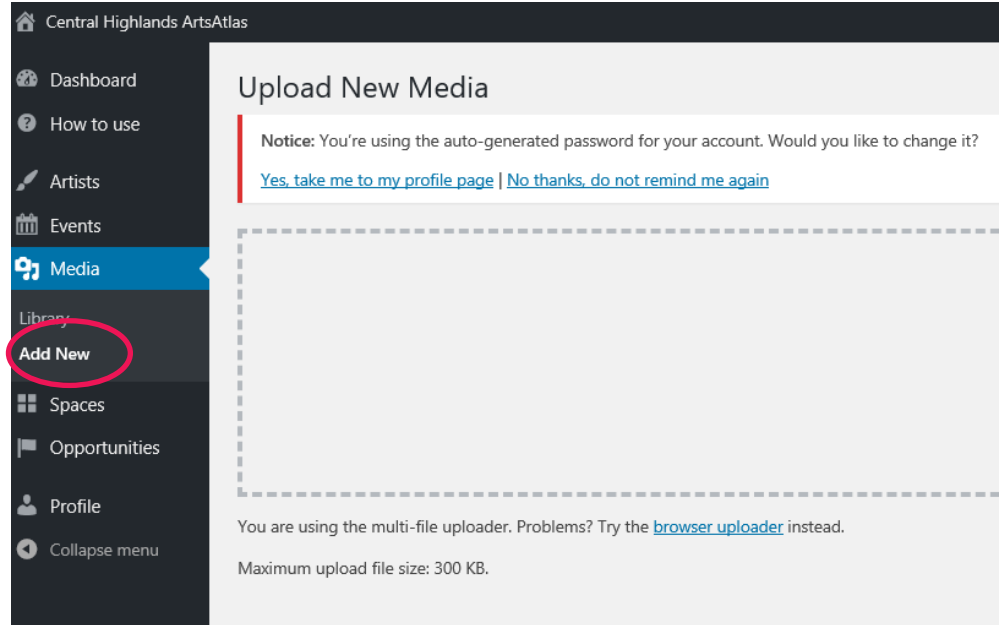

STEPS

Any Artist's Profile should include images of their artwork. This is a fantastic way to promote your work, draw attention to your profile and generally *be seen* on ArtsAtlas.

(Images can be in .JPG, .BMP or .PNG format and limited to a maximum of 300 KB.)

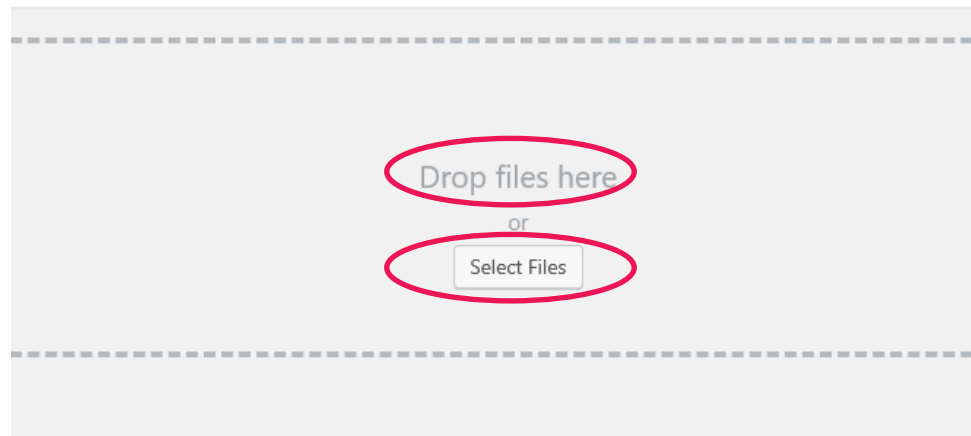

There are two methods to upload your images. First, click on **MEDIA** on your dashboard, then select **ADD NEW**.

WHAT TO LOOK FOR

Now you can choose to **drag and drop** your image files into the uploader –OR– you can choose **SELECT FILES** to choose them.

You can upload as many images as you like. If you have any questions on whether or not an image is acceptable for the site, please refer to our [Terms of Use](#).

Once uploaded, your images should appear in your **MEDIA LIBRARY** and can now be used in your profile.
